## SUMMARY

Experienced software engineer with over 4 years of expertise in crafting web and mobile applications. Proficient in JavaScript, TypeScript, and utilizing a diverse set of frameworks such as React, React Native, Angular, Vue, and Node.js. Skilled in CI/CD, with a proficiency in leveraging NoSQL databases for contemporary front-end development within frameworks like React, Angular and VUE.

## EXPERIENCE

### Front End Developer | MMCY TECH | Addis Ababa, Ethiopia | September 2021 – December 2023

- Proficient in HTML5, CSS3, SASS/LESS, JavaScript, and TypeScript for front-end development.
- Expertise in JavaScript frameworks/libraries (React, Angular, Vue) for dynamic content.
- Translated design mockups into functional, visually appealing user interfaces, collaborating with UX/UI designers.
- Collaborated with back-end developers to integrate front-end code and managed version control using Git.
- Consumed and integrated data from APIs into web applications, handling asynchronous operations that resulted in a 40% decrease in data loading times..
- Utilized Jira and Asana for efficient project planning, tracking, and collaboration, managing tasks, sprints, and workflows.

### Front End Web and Mobile Application Developer | John Snow Inc. (JSI) | Addis Ababa, Ethiopia | January 2023 – Present

- Contributed significantly to the development of Dagu 2, a web app solution aimed at efficiently managing inventory in Ethiopian health facilities.
- Lead Developer for the offline-first mobile app version of Dagu 2 using React Native and CouchDB/PouchDB.
- Contributed as a React Developer to the creation of the Ethiopian Health Emergency Reporting Dashboard, a data visualization tool essential for decision-making purposes.
- Collaborated with system analysts and engaged with key decision-makers.

### React Native Developer | Freelance | Remote | October 2023 – December 2023

- Contributed on Mamba Fantasy: A betting mobile app currently in use for Indian Market.
- Used React Native with Redux toolkit for state management.
- Optimizing code performance and implementing bug fixes, resulting in a 30% improvement in app response time and a 20% increase in user retention rate.
- Executed designs with meticulous attention to detail, achieving pixel-perfect precision.

## EDUCATION

### Bachleor of Science in Information Systems | University Of Gondar | Gondar, Ethiopia | 2021 | 3.89

## CERTIFICATIONS

### React JS for Beginners | Skill Up | 2022

- The course covered fundamental concepts and practical aspects of working with the React framework.

### Angular Framework Training | University Of Gondar | 2021

- The course provided a comprehensive exploration of foundational concepts and practical techniques for working with the Angular framework, encompassing a detailed understanding of its features and functionalities.

### Huawei Routing & Switching | Huawei | 2021

- Demonstrates expertise in network infrastructure, enhancing employability and validating proficiency in managing Huawei networking solutions.

## SKILLS

**Front End:** JavaScript, Typescript, React, React Native, NextJs, VueJs, Nuxt, HTML, CSS, Tailwind & Chakra UI.

**Backend:** Node JS

**Data:** Postgres, CouchDB, Pouch DB & Mongo DB.
