- English

Highly motivated Full Stack Web Developer with 4 years of experience in leveraging creative problem-solving to deliver intuitive website and mobile app design. Proficient in React, React Native, Node.js, Express.js, Angular, Vue.js, and SQL, with a passion for creating visually appealing user interfaces and seamless user experiences. Accomplished in driving successful design projects from concept to launch, ensuring high-quality deliverables. Committed to staying up-to-date with the latest development technologies and industry trends through continuous education and professional growth efforts.

WORK EXPERIENCE

MMCY TECH

Sep 2021 - Feb 2023
Addis Ababa

FULL STACK DEVELOPER

- Served as a full stack web developer at MMCY TECH for a period of two years, contributing to the success of various projects.
- Played a key role in the end-to-end development process, including wireframing, visual styling, and implementation.
- Demonstrated proficiency in front-end development using HTML5, CSS3, SASS/LESS, and JavaScript frameworks such as React and Vue.
- Utilized Node.js as the back-end technology stack, developing robust APIs and server-side logic to power dynamic web applications.
- Employed modern JavaScript frameworks and libraries on the back end, such as Express.js, to efficiently handle routing, middleware, and database interactions.

- Worked with databases such as SQL Server and utilized ORM (Object-Relational Mapping) libraries like Sequelize or TypeORM for seamless data manipulation and management.
- Leveraged source control tools like Git for version control, ensuring effective collaboration and facilitating rapid deployment.
- Collaborated closely with cross-functional teams, including designers and project managers, to deliver high-quality code and meet project milestones.

John Snow Inc.

Feb 2022 - Jan 2023
Addis Ababa

REACT NATIVE DEVELOPER

- Contributed significantly to the development of Dagu 2, a software solution aimed at efficiently managing inventory in Ethiopian health facilities.
- Developed the offline-first mobile app version of Dagu 2 using React Native and CouchDB/PouchDB.
- Empowered healthcare professionals with uninterrupted inventory management, even in areas with limited connectivity.
- Played a key role in tracking medications, equipment, and vaccinations through tailored recordkeeping.
- Implemented seamless logistics procedures and generated timely stock reports, enabling effective decision-making.
- Honored to have contributed to enhancing inventory control in Ethiopian health facilities through Dagu 2's mobile app.

University Of Gondar

2021
Gondar, Ethiopia

BACHELOR OF SCIENCE

Information Systems
CGPA 3.788

SKILLS

- HTML / CSS
- TypeScript
- Angular
- Node JS
- React Native
- JavaScript ES6
- React
- VUE
- GraphQL
- Flutter

INTERNSHIPS

John Snow, inc
May 2022 - Aug
2022
Addis Ababa, AA

● FULL STACK DEVELOPER

My 4-month full stack web development internship was focused on using the Angular and .NET frameworks. I worked in a collaborative team environment to develop websites and web applications. My tasks included developing user interfaces (UIs) utilizing HTML/CSS, applying theme styling on UIs, developing web services to interact with backend components, implementing client-side authentication flows and integrating AD authentication, as well as coding for business logic processing. I also tested application performance and cross-browser compatibility. By the end of the program, I achieved a greater understanding of both Angular and .NET frameworks resulting in our team successfully delivering projects on time exceeding customer requirements.

Inner Peace
Nov 2022 - Jan
2023
Addis Ababa

● FLUTTER MOBILE APPLICATION DEVELOPER

My internship at Inner Peace taught me the fundamentals of Flutter mobile application development. Working with a supportive team and experienced mentors I was able to build on my knowledge, apply it in an industry setting, and produce an application for a real-life customer. This experience is one that I will highly cherish for years to come as it gave me invaluable technical and professional skills.

IMNU
Sep 2021 - Oct 2021

● DIGITAL MARKETING

Remote

My IMNU Digital Marketing internship was an invaluable learning experience that has provided me with new insights, knowledge, and skills. It exposed me to the world of digital marketing.
